

CELEBRATING 40 YEARS OF SERVICE IN WINDSOR AND ESSEX COUNTY!

Home. Make it truly yours by expressing your style with taste and confidence.

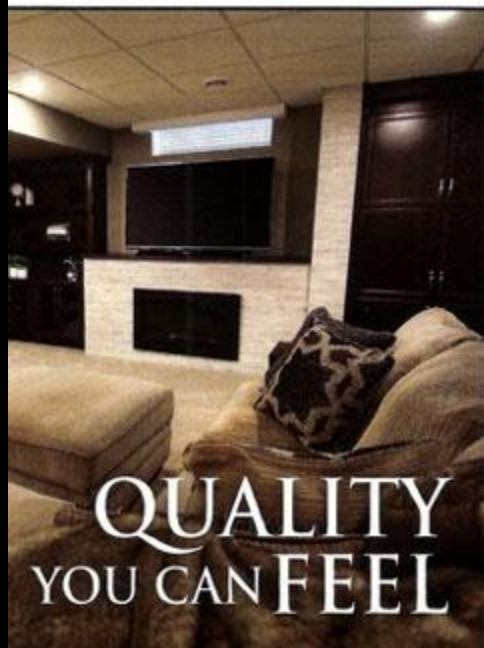

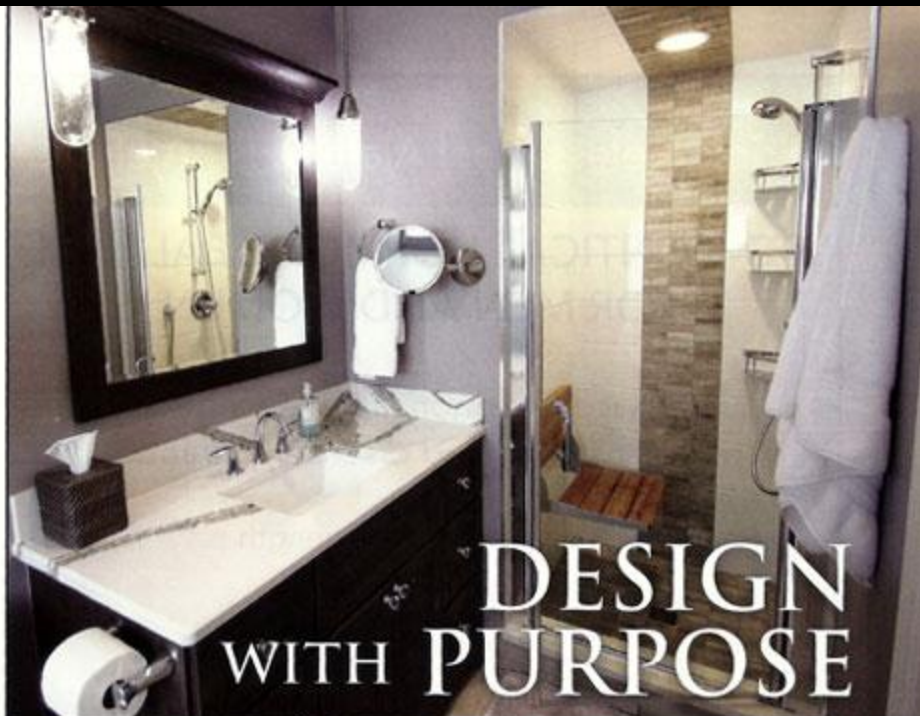

Whether you are a do-it-yourselfer or prefer to leave the work in expert hands, Family Home Improvements can help.

Designing and building award-winning renovations for 40 years, the Windsor company is always on trend. Vignettes and product displays in its retail showroom reveal what is in demand right now. Selling nearly everything you need in all price ranges, Family Home Improvements caters to your specific budget with its huge selection of products.

The kitchen is proving more than ever to be the heart of the home. The gathering spot is also the focal point in an open concept space or great room. Reflecting this, kitchen design has evolved, with clever storage and decorative shelving keeping everything tidy. Built-in appliances enhance the calming effect of beautiful organization.

Countertops gleam with quartz's subtle sparkle. Kitchen cabinet doors show off smooth contemporary faces or classic Shaker profiles. Finishes are sophisticated in matte or high gloss. Years of dark wood stains are giving way to white and soft grey. The island is definitely on the must-have list.

Whichever room you tackle, Family Home Improvements' designers can help you realize your dreams. Their construction pros can also do the complete remodel, creating a home that is distinctly you.
